# UPDATED COVID-19 SAFETY INFORMATION AND CONSENT FORM

Because COVID-19 is extremely contagious and is spread mainly from person-to-person contact, APSA has put in place preventative measures to reduce the spread of COVID-19 at the 2021 Annual Meeting. Given the recent increase in the spread of COVID-19 variants, we are increasing the safety requirements for in-person attendance at the APSA meeting. We will now require either proof of vaccination no later than Friday, Sept. 24. In addition, while participating in events held or sponsored by APSA, attendees must practice social distancing and wear CDC-approved face coverings at all times to reduce the risks of exposure to COVID-19.

APSA has contracted with Safe Expo, an event health and safety management firm. Vaccine verification will include uploading a vaccine card to Safe Expo’s system for their review and approval. Once approved, you will be sent a confirmation to present onsite. Your card information is then deleted from the Safe Expo system. Vaccine-verified attendees will be required to show the confirmation only one time, at the start of the meeting, at the screening station before picking up/printing their badge.
